DISLOYAL CITIZENS IN MESHES OF THE LAW

E. C. Dalzell, deputy United States marshal, who has been busy in southern Nevada for the past ten days, returned to Reno this morning with four prisoners and expected to add another to his string when the train reaches Reno. The captives were: George Cushman, an Austrian, of Las Vegas, accused of using seditious language to the effect that it would have been better had the Kaiser tackled this country first and captured it as it was without any means of defense.

Alley Sterman is an alien enemy from Las Vegas, who is supposed to have been in partnership with a previous prisoner who was found to have maps showing every part of the Clark railroad system with details of the shop construction at Las Vegas.

R. Hansen, an alleged draft evader from Caliente is supposed to be the victim of circumstances, as it was not through any fault of his own that he failed to register.

H. N. Wilder, also from Las Vegas, is charged with being implicated in a white slavery case, wherein his relations was brought out in the testimony taken in another case in the district court.

Thomas Grace, an outlander, who came into Mina from California and indulged in seditious language, will be taken from that town and carried to Carson City.

RATES ON T. & G. TRAINS ISSUED

NEW TARIFFS ARE SIMILAR TO THOSE ALREADY ANNOUNCED

Additional information regarding the changes in passenger tariffs to become effective on railroads June 10 is contained in a circular issued to the Tonopah and Goldfield Railroad company's agents and conductors by W. D. Forster, general superintendent of the road.

According to the circular, all second-class and mixed-class fares will be cancelled. Round-trip fares will be cancelled, although it is expected that tariffs will soon be issued covering short distance round-trip excursion fares at about 20 per cent in excess of those prevailing in 1917. Side-trip arrangements and optional routes will be cancelled and one-way tickets will be good only for continuous passage, no stopovers being allowed.

All fares quoted will apply only for transportation in coaches or chair cars and extra charges will be made for passage in sleeping or parlor cars. These charges, in addition to regular Pullman car charges, will be 13 per cent additional in tourist sleepers and 16 2/3 per cent additional in standard sleepers or parlor cars.

Tickets purchased prior to June 10 will not be honored for passage after that date except that passengers en route on June 10 will be carried to destination by continuous passage without additional charge and that round-trip tickets, portions of which have been used prior to June 10, or held by passengers en route on that date, will be honored in accordance with the original tariff conditions under which the tickets were sold without additional payment except that they will be subject to the same requirements as one-way tickets in respect to additional payment in sleeping or parlor cars as prescribed in the regulations.

Where a passenger makes a stopover on or after June 10, the ticket will be honored from the stop-over point only upon collection of additional charges as prescribed in the regulations.

SPECIAL DRAFT IN HIGHER TRAINING

The Nye county exemption board has completed the list of candidates eligible for the special draft order effective today. These men will be sent to the University of Nevada, where they will be trained in the mechanical arts and electricity at the expense of the government. The only requirement is that the candidates have a grammar school education. The names are: Ira J. Morey, McGill, Nev.; Louis J. Ford, and Harry W. Seelman, Tonopah; Guy H. Ewing, Reno; Louis B. Hately, Round Mountain; Elmer Haug, Manhattan; A. C. Dodson, Beatty; Louis Morrison, New Pass, and John Barter, Bishop, Cal.

SIX CENTS JUDGMENT IS NOT SATISFACTORY

(By Associated Press.) SALT LAKE CITY, June 5.—A judgment for six cents against the Utah Power and Light company, recently occupied the attention of the United States district court, the corporation taking to that tribunal an appeal of satisfaction of judgment in favor of W. D. Wendell, of Ogden. Wendell sued for \$3550 damages and a jury rendered a judgment of six cents. Since that time the corporation has been trying to satisfy the judgment, but Wendell refused to accept the money and the judgment has remained against the corporation. A motion filed with the court asked that the clerk of the court be compelled to accept the six cents and declare the judgment satisfied. The court ruled, however, that the motion must be argued in the district court in Ogden.

NOTICE TO JURORS
Jurors summoned to appear in the district court June 7th need not appear until Tuesday, June 11th.
L. E. GLASS,
Clerk of the District Court.

CHLORIDE OF LIME

A barrel of chloride of lime has been received at the police station and any one wanting same will be supplied free of charge on application.
JOHN D. GRANT,
Chief of Police.

SAVED BY DESTROYER

(By Associated Press.) AN ATLANTIC PORT, June 6.—The crew of the schooner Baird, which was sunk Tuesday, were landed by a destroyer, which rescued them.

PROHIBITION AMENDMENT ANALYZED BY OSBORNE, THE BLIND ORATOR

J. R. Osborne, the blind orator, occupied the stage at the Alrdome last evening where he spoke for an hour and a half to a fair-sized audience on the proposed constitutional amendment providing for state wide prohibition. The speaker took the ground that the amendment was an interference with personal liberty and demonstrated by figures that adoption of the proposition would be a heavy loss to the state in the matter of revenue and place additional burdens on taxpayers.

Mr. Osborne said in part: Section 1 of the proposed prohibition referendum defines what shall be classed as liquors, and classed all brewed beverages, whether intoxicating or not, as liquor; this would make it unlawful for a housewife to brew a pot of tea and serve it at the family table.

Section 7 of the same proposed law would invade the personal liberty of every citizen in the state of Nevada; would prohibit him having a glass of wine with his meals, or prevent him having shipped into the state for his own personal use any wine, beer, or liquors of any description. Section 9 of this proposed law provides that any person who may have a suspicion that any person may have stored in his house or otherwise, may report his suspicion to a justice of the peace and thereupon obtain a warrant for the arrest of the person under suspicion, and have his house searched, and a person under suspicion placed under \$500 bail pending an investigation and a possibility of indictment. Besides as Section 9 provides for the searching of one's house on suspicion, Section 12 provides for the breaking into one's house or building.

Section 16 of this proposed law provides for a state commissioner of prohibition with deputies and agents who shall diligently inquire into and prosecute the slightest infringement of these drastic prohibition proposals. The deputies and agents of the prohibition commission would, under this law, be clothed with all of the power now vested in the sheriffs of the various counties of the state. The creation of the office of commissioner of prohibition with numerous deputies and agents, might be used to build up a powerful political machine and the expense of maintaining such a machine taken from the county treasury of the various counties of the state.

Should this prohibition referendum receive a majority vote, the state of Nevada would lose \$168,000 annually in license money—hundreds of thousands of dollars invested in the liquor business would instantly be destroyed, and the making empty of 700 buildings now used by the liquor trade in this state would cause an immediate reduction of rentals on business property, and thereby reduce the valuation of all business property in the state one-third of its present value. But the people of Nevada are too broad-gauged, broad-minded, just and progressive to vote any such calamity upon themselves as well as several thousand of their fellow citizens now engaged in the liquor business.

RADIO CLASS IS READY TO BEGIN

Nye county is probably the best equipped unit in the United States for conducting radio station as the Nye County Council of Defense is one of the few bodies of the character having in its membership practical telegraph operators who have been placed in charge of the proposed school. Twenty names have been enrolled and work will begin in a few days. On the occasion of the visit of Leslie A. Brigham, superintendent of vocational education from Carson City, he commented on the advantage accruing to Tonopah from having experienced men in the council and said it was the first time in his experience that he found such a condition of affairs to exist.

Tables for the use of the students have been made by the Boy Scouts at the manual training school and were delivered today. One of the entrants in the class hails from Rand, Cal., and another from Bishop, Cal. The council wishes it understood that all youths wanting to take the course may rely on securing positions in Tonopah while engaged in study.

L. L. Mudgett and Arthur Raycraft are veteran operators. The former came into Tonopah with the entrance of the Tonopah & Goldfield railroad, of which he was chief dispatcher. He wrote the first time cards and issued the first train order sent over the wires of that company. Mr. Raycraft comes from the Virginia & Truckee, where he had an extended experience.

KID CLASS BRINGS MORE REGISTRANTS

After the Bonanza went to press yesterday the following additional names were added to the list of registrants who belong to the class of 1918, having reached their majority this year: Wm. Carroll, Chas. W. Morgan, Fawn Louie, W. R. Clevenger, George Lubin, Geo. C. Adair, J. Erick, J. Meaglia, R. E. Greenleaf, F. J. Cahill, Max Glavia, Thomas Barra, Kyle J. Lutz, B. J. Harvey, Yee Wing, Mike Parovich and J. Rakich. One of the Chinese boys claims China for his birthplace.

DATE FOR RATE HEARING
June 17 has been set as the date for the hearing in Goldfield by the public service commission of the application of the Goldfield Consolidated Water company for permission to issue a new and increased rate schedule. A number of Goldfield water users have filed a protest with the commission and will be represented at the hearing by the Goldfield law firm of Thompson and Thompson.

I loan you a watch to carry while I repair your own. I am the finest watchmaker who ever came to Tonopah. Emilie Merman at Robert's Grocery store. AdvJ612

PERSONAL

JOHN W. SHERWIN, manager of the West End, was a passenger for Reno today.

J. B. OSBORNE, the anti-prohibitionist orator, returned to Reno on No. 23.

JACK LONGSTREET went out on the long hike to Reno to visit his old college chum, Judge Bartlett.

T. T. CORNFORTH, of the Bellehelen Mining company, left for San Francisco today on business connected with his mining interests.

HENRY JAMES, of the motive power force of the Tonopah Extension, is back from a vacation spent in Salt Lake.

MRS. J. E. FLEMING and two daughters were passengers this morning for Boston, where they go to spend the heated term along the Atlantic beaches.

WALTER TRENT motored in from Tybo last evening and reports the mill running at a high state of efficiency with an ever increasing extraction.

GEORGE A. KERNICK, president of the Hasbrouck Mining company, is in from his home at Berkeley looking after the interests of his company.

Miss HAZEL MACKENZIE was accompanied to the railroad station today by the Campfire Girls, who gave her a regal send off on the occasion of her departure for California.

MRS. A. L. BROWN and daughter, Gloria, were passengers today for Marysville, Cal., where they go to join Mr. Brown, who has been there for several months engaged in ranching.

HAMILTON REED, master mechanic of the Tonopah Extension Mining company, returned this morning from Denver, where he went to secure additional pumps for the West Tonopah.

WILLIE MURPHY, of the aviation corps, left this morning for San Antonio, Texas, to resume his training at Brooks Field. The young Liberty lad was accompanied as far as Goldfield by his mother.

UTAH WAR GARDENS WORTH A MILLION

(By Associated Press.) SALT LAKE CITY, June 5.—A food production in war gardens in Salt Lake City of \$1,000,000 is predicted by Walter J. Sloan, war garden deputy in the office of the community war garden committee here. This would be four times the production of last year, according to Sloan's figures. More than 1600 acres of land have been planted in Salt Lake, Sloan says, an acreage double that of last year.

The increase in community garden acreage this year is due, according to Sloan, to the enthusiasm and earnestness of the amateur gardeners.

An hour later the funeral of Martin Brett was held from the same church and several score of old friends of the deceased accompanied the casket to the cemetery.

BONUS GRANTED W. U. OPERATORS

NEW YORK, June 5.—The board of directors of the Western Union have declared an extra special bonus payable October 1st, 1918, which will be in addition to the two special payments of July 1, 1918, and January 1, 1919, referred to in previous circulars.

This payment will be made to all regular employees excepting the president on the roll as of that date, who shall have served the company continuously from April 1, 1918, inclusive.

All messengers at independent offices a flat sum of \$6.25 each. Employees receiving less than \$1200 per annum the rate of 4 per cent of semi-annual wage.

Employees receiving \$1200 to \$1999 per annum, both inclusive, at the rate of 3 per cent of semi-annual wage, with a minimum of \$25.

Employees receiving \$2000 per annum and more, inclusive, at the rate of 3 1/2 per cent of semi-annual wage, with a minimum of \$250.

As in the past, these special payments will not affect increasing of salaries, which will be as heretofore, determined on individual merit.

ANNOUNCEMENT

I desire to take this means of announcing my candidacy for the democratic nomination for the office of sheriff and assessor of Nye county at the primary election to be held next fall. If elected, I promise to discharge the duties of the office to the best of my ability and to the credit of the county.
(Signed) JOHN BARRETT.

AMUSEMENTS

BUTLER THEATER

The foundation of the story "The Secret Game," the photoplay in which the Japanese actor, Sessue Hayakawa, will appear tonight, is "Why couldn't the United States if she had the co-operation of her great ally, Japan, ship a couple of million men across the Pacific, surprising the Germans on the Russian front?" The star, Sessue Hayakawa, portrays the character of a great Japanese detective and has painted a picture of the very heart and soul of a Japanese. "The Secret Game" is a romance of the secret service. It has become known that there is a leak somewhere in official circles, and the leak has been traced to the stenographer in the office of Major Northfield, the quartermaster of the Pacific coast. She is a girl of German parentage and is working under the direction of the so-called Dr. Smith. He invites the stenographer and the quartermaster's private secretary to a little dinner, drugs the secretary and the stenographer is placed in the position of private secretary, where she has access to all the important documents. Northfield finally falls in love with her when he learns to his horror that the girl is a spy. Also a Bray Paramount Pictograph, and it is always good.

Tomorrow, "The Beautiful Mrs. Reynolds," involving two of the most famous characters in American history—Alexander Hamilton and Aaron Burr.

WILL NOW SUPPLY RIFLES TO CLUBS

S. J. McLean, disciplinarian at the Indian school, has been notified that the government is now prepared to supply rifle clubs with Krag-Jorgensen rifles for target practice. Mr. McLean organized a club at the Indian school last year but was unable to go ahead as the government shut down on furnishing guns. A number of Carson men also signed up an application to be presented to the war department but this, too, came to naught because of the then scarcity of small arms. It is likely that both clubs will now be fully organized and qualify for the loan of the Krags. It is understood that the government now favors the formation of gun clubs and will encourage them in every possible way.—Carson News.

GAINS A PROMOTION

O. E. Pugsley, C. S. A., who made such a wonderful record as a recruiting officer in charge of southern Nevada, is now in charge of the district of northern California, with headquarters at Redding. He has been advanced to corporal and is assisted by two enlisted men.

NOTICE

Persons who have signed Red Cross pledge cards please note that their installments may be paid at either bank, or at the office of the Nye County Council of Defense. Official receipts will be issued at each of these places. AdvJ611
